EDUCATION

B. Tech Computer Science	Graduating Sep 2025
Marathwada Institute of Technology	
Class XII	Mar 2021
Dharmaveer Sambhaji Junior College, Aurangabad	91%
Class X	Mar 2019
S.B.School, Aurangabad	85%

TECHNICAL SKILLS

C,,C++,Object Oriented Programming, Figma, SQL, Data Structures and Algorithms, Sketch, Wireframing, Prototyping, User Research, Web Development

ACADEMIC PROJECTS

Ticketless Entry System to Museums and Monuments using QR code:
Team of 2 to design application for ticketless Entry System to Museums and Monuments using QR code

- Developed an advanced digital ticketing system to replace traditional methods, utilizing QR code technology for seamless and secure entry.
- Technologies Used: HTML, CSS, JavaScript, PHP, MySQL, QR code generation libraries.
- Implemented real-time ticket verification and secure transaction processing, reducing entry wait times by 50% and enhancing user experience

Applied advanced user experience principles and product management strategies to create a user-centric interface, ensuring seamless navigation and aligning features with user needs, which contributed to the system's successful real-world deployment.

E-commerce Website for a Fast Food Business:

- Developed a dynamic e-commerce platform to streamline online ordering and enhance customer experience for a fast food business.
- Technologies Used: HTML, CSS, JavaScript, PHP, MySQL.
- Implemented features including real-time menu updates, order tracking, and promotional displays, leading to a 30% increase in customer engagement and a 20% rise in online orders.
- Utilized advanced UI design principles and tools to create a user-friendly interface, optimizing customer interaction and satisfaction.

CERTIFICATION

- Introduction to Cloud - IBM
- UI/UX Design by Figma - Udemy

WORK EXPERIENCE

Hubnex Labs

UI-UX Designer Intern

-Collaborated closely with the design team to create visually appealing and user-friendly web and mobile interfaces.

-Gained hands-on experience in a dynamic and innovative tech startup.

-Worked with the product team to understand user requirements and design intuitive user interfaces for mobile apps.
